Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Friday 05 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Dry this evening, with an overnight frost.

This Evening and Tonight:
Remaining dry this evening and overnight with cloud dissolving away to leave some long clear spells. It will be a cold night with a widespread frost developing under the clearest skies. Minimum temperature -3 deg C (27 deg F).

Saturday:
After a frosty and chilly start, it will be a fine, dry day with sunny spells and patchy cloud. Remaining dry into the evening with an overnight frost. Maximum temperature 7 deg C (45 deg F).

Outlook for Sunday to Tuesday:
Cloudier on Sunday but remaining dry for most. A little light rain possible on Monday. Patchy rain during Tuesday, but with heavy rain and strong winds arriving by evening.
